Learning together

Our fun, creative and caring co-op community offers:

- Flexibility to choose the days of the week your child attends.
- Innovative activities and projects in a multi-age classroom.
- Caring, experienced and dedicated teachers.
- Low tuition rates.
- Low adult to child ratio - at least 1:5.
- Parent-organized sibling care for your younger children in a safe, separate area on your assigned work days.

"The Bellevue College Crossroads Co-op Preschool has been a great introduction to school for my 3 year old. Maura's calm and nurturing personality, her guidance in fostering social and emotional skills among the children, and her knowledge of child development are everything I had hoped for in a preschool teacher."

-Sharyn, a BCCP parent

Growing together

Co-op benefits include:

- Sharing your child's early learning experiences.
- Parent Education classes and resources from knowledgeable early childhood professionals.
- Opportunity to observe, learn and practice techniques for working with your children.
- Research-based curriculum for children and parent education.

Our nurturing and stimulating environment offers:

- A warm and safe setting for children to explore and experience new things.
- Intellectually-stimulating activities for curious minds and busy hands.
- Three spacious rooms for group and individual activities.
- Interesting, educational and fun field trips.
- Large, fenced outdoor play area and structures.
- In-house lending library with a broad range of parenting books.

"Our program is hands-on, child-centered, individualized, and relevant to their world. We want children to be enthusiastic about what they are doing, so if I design a beautiful project the child will be delighted to do it."

-Maura, BCCP teacher

Co-op parent commitment:

- Work in the classroom the number of days per month that your child attends per week.
- Hold a committee or board position such as Treasurer, Field Trip Coordinator, etc.
- Attend a Parent Education meeting once a month. Topics include child development, guidance and discipline, kindergarten readiness and more.
