

Crossroads Co-op Preschool News

April 14, 2019

Reminders for This Week

- Parent Education is at 7pm on Tuesday April 16th. We will have a guest speaker this week in to talk about "Tricky People" This is a way to talk to your child about who might be safe and who might not.
- Toy and Clothing Exchange is also on Tuesday the 14th during school. Please bring in things your family no longer needs and take things your family might need. We will have this event in one of the front rooms and it is also a good time to hang out and socialize.

Telling others about our School

One way our school works is by letting others know about our school and our program.

We will be having a new program for next year and we need your help to get the word out. Several of you have referred friends to our school and we thank you for that. Please continue letting others know about us and posting or sharing information about our school on social media and elsewhere.

Maura's Mentions

Welcome back to preschool!

I hope you all had a lovely week of rest and fun. I have planned some new activities for the children to develop their skills, explore different materials and share their ideas.

To bring our bulletin board up to date we will all contribute parts to celebrate Spring. A loop Garland Caterpillar, butterflies, blossoms, chicks and new growth.

We will plant seeds, water them and watch them grow.

Please think of parts of the plant for snacks this week: Roots, stem, leaves, flowers, fruits and seeds.

STREAM

Science	Life/growth. Water/food for nutrition.
Reading	Fiction and non-fiction. Vocabulary
Technology	Using tools
